

Bank of Leeds Investment Proposal

Yorkshire Fusion Food Co.

A Mobile Premium Street Food Network Celebrating Yorkshire Produce

Investment Committee Proposal

Prepared for: Bank of Leeds – Regional Enterprise Growth Fund

Sector: Food Manufacturing / Hospitality / Tourism / Mobile Retail

Investment Type: Capital Expenditure Growth Facility

Investment Horizon: 5 years

Executive Summary

This proposal recommends that Bank of Leeds provides growth capital to establish **Yorkshire Fusion Food Co.**, a premium mobile food-truck business operating three strategically located units across Yorkshire.

The business concept:

Take Yorkshire's historic food identity and combine it with modern global cuisine to create a scalable street-food brand.

The company will operate three premium food trucks positioned in high-footfall locations:

1. **Leeds City Region** – corporate, student and events market.
2. **Sheffield / South Yorkshire** – outdoor tourism, university and Peak District gateway.
3. **Yorkshire Coast (Scarborough/Whitby)** – seasonal tourism economy.

The business will specialise in:

- Yorkshire pudding fusion wraps,
- Yorkshire beef street food,
- Yorkshire cheese dishes,
- Yorkshire seafood,
- globally inspired Yorkshire recipes.

The objective:

Build Yorkshire Fusion Food Co. into a £5m annual revenue regional food brand within five years.

1. Investment Thesis

The Opportunity

Yorkshire has:

- 5.5 million residents,
- tens of millions of annual visitors,
- strong food identity,
- growing street-food culture.

However, Yorkshire lacks a nationally recognised fast-casual food brand.

Examples elsewhere:

- Nando's → Portuguese-inspired UK success
- Wagamama → Japanese-inspired UK success
- Leon → British fast-casual success

The opportunity:

Create:

"The Yorkshire street food brand."

2. Business Concept

Brand:

Yorkshire Fusion Food Co.

Tagline:

"Yorkshire flavours. Global inspiration."
